SUMMARY

AI-focused Computer Science graduate with hands-on experience in Machine Learning, Data Analysis, Python, SQL, and Generative AI applications. Built predictive models using Scikit-Learn and developed AI-powered applications using OpenAI APIs. Passionate about solving real-world problems through data-driven solutions and seeking opportunities to apply ML and GenAI skills in industry projects.

EDUCATION

Galgotias University, Noida

B. Tech—Computer Science Engineering (Artificial Intelligence)

2022 - 2025

Galgotias University, Noida

Diploma in Computer Science Engineering

2019 - 2021

EXPERIENCE

Python Intern Mar 2025 - May 2025 Brainwave Matrix Solutions Noida Assisted in developing a Django-based internal dashboard for productivity tracking.

- Automated backend data-processing workflows using Python.

- Collaborated with development teams using Git version control. •

- Participated in Agile stand-ups and sprint planning activities.

PROJECTS

House Price Prediction (Machine Learning)

- Algorithm used (Linear Regression)

- RMSE/R2 score if available

- Data cleaning techniques

- Feature engineering

CERTIFICATIONS

- AWS Cloud Computing

- GenAI Powered Data Analytics — Forage

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, SQL

Web Technologies: JavaScript

Machine Learning: Scikit-Learn, Pandas, NumPy, Matplotlib

Database: MySQL

Tools & Platforms: Git, GitHub, VS Code

Concepts: Data Analysis, Machine Learning, OOP, Agile Methodology Soft
Skills: Communication, Teamwork, Problem Solving, Time Management

IDEAL PROJECTS

1. House Price Prediction
2. AI Trip Planner
3. Fake News Detection Using Machine Learning
4. Remaining projects (optional)
